**Virtual interactive training course**  
**RISK MANAGEMENT: CREDIT RISK FOR BANKS**  
**ORGANISATION SHEET**

---

**Course information**

The description of the objectives, methodology, content, and target audience of this training course can be found on the ATTF website:

<https://www.attf.lu/training/risk-management-credit-risk-for-banks-15197>

**Expert**

Yassine El Khou is a senior credit risk and model risk management expert with more than 15 years of professional experience in the financial sector. He holds an engineering degree from a leading European institution and has developed his career at major international consulting firms, including EY and Accenture, where he advised financial institutions on credit risk frameworks, regulatory compliance, internal rating systems, and risk governance.

His expertise spans the full credit risk lifecycle, including modelling, capital and provisioning frameworks under Basel II/III and IFRS 9, model validation, supervisory stress testing, and model risk management, in line with international supervisory expectations. He has led and contributed to complex credit risk and model risk engagements for major financial institutions and regularly interacts with senior management and executive committees

**Language**

A good command of English is required.

**Participants**

Maximum 20 participants.

**Duration, Dates & Time**
