

Virtual interactive training course
Modelling Climate-related Financial Risks
ORGANISATION SHEET

Course information

The description of the objectives, methodology, content, and target audience of this training course can be found on the ATTF website:

<https://www.attf.lu/training/modelling-climate-related-financial-risks-15206>

Expert

Mr **Sergio Scandizzo** is Head of Model Validation at the European Investment Bank in Luxembourg. He is associate editor of The Journal of Operational Risk and has been recognised as one of the "Top 50" Face of Operational Risk by OpRisk & Compliance Magazine.

Prior to his position at the EIB he was a principal in the London office of PricewaterhouseCoopers and, prior to that, a senior manager in the Global Risk Advisory team at the Canadian Imperial Bank of Commerce in Toronto. He holds degrees in computer science and finance and is author of four books and several articles on risk management and bank governance.

Language

A good command of English is required.

Participants

Maximum 20 participants.

Duration, Dates & Time

1.5 days of training, consisting of 3 half-day session of 2 x 4 hours
From Monday 11 to Wednesday 13 May 2026
From 9.00 to 13.00 o'clock Skopje time

Platform and Technical Requirements

This training course will be held on the online platform **BigBlueButton**, which can be accessed via the participants' individual Learner's Portals that will be created for them by the Customer Service of the House of Training.

To join the course, the participants are required to have:

- A stable internet connection
- A device (preferably a PC but a mobile device such as a cell phone can serve as back-up) with a well-functioning microphone and webcam (mandatory to ensure a proper interaction with the trainer and the other participants)

In addition, the participants are requested to check in advance with their IT department that the IT security policy in their work environment, such as firewalls, allows them to access the online platform with microphone and webcam without any issues.

This training is provided with the support of
