es; interoperability with multiple external systems)  
spatial and alphanumeric data)

### Minimum Set of Attributes

- Owner name and legal entity ID
- Parcel/plot number (cadastral data)
- Vineyard location and coordinates
- Area (ha)
- Grape variety
- Year of planting
- Cultivation method (training system, irrigation, grafting)
- Changes due to disasters (frost, hail, fire)
- Supporting documents (property certificate, cadastral plan)

- Producer name (legal or physical person)
- EMBS/EMBG
- Address and contact details
- Production capacities (processing, storage, packaging)
- Vineyard areas
- Employees
- Responsible person
- Status
- Decision/reference numbers

- Importer name
- EMBS
- Headquarters address
- Main facility address
- Warehouse capacity (litres)
- Responsible person
- Number of employees
- Status
- Decision/reference numbers

- Organization name
- EMBS/EMBG
- Protected geographical or traditional name
- Vineyard/winegrowing region/locality
- Decision number and date
- Validity period and status (active, suspended, revoked)

- Name of the wine production area (region, subregion, vineyard district, locality, or micro-area)
- Type of designation (region / subregion / vineyard area / locality / site)
- Geographic boundaries (defined by cadastral units)
- Traditional name or historical designation (if applicable)
- Main grape varieties cultivated
- Production potential (area planted with vines, soil and climate characteristics)
- Reference to the legal act or annex defining the boundary

- Register number
- Species of game (common and Latin name)
- Date of hunting
- Location of hunting (hunting ground, coordinates)
- Name of hunter
- EMBG/ID of hunter
- Parameters measured during evaluation
- Total score (points)
- Award/medal (gold, silver, bronze)
- Certificate number and date
- Archive number and date of registration

- List number
- Common name of species
- Latin name of species
- Geographic origin/region where species is autochthonous
- Status (permitted, restricted, prohibited)
- Archive number and date of inclusion/update

- Name of the hunting ground
- Category of hunting ground (state-owned, private, or of special purpose)
- Legal basis for establishment (Government decision reference)
- Boundaries of the hunting ground
- Total surface area (in hectares)
- Purpose of the hunting ground (management of large and/or small game)
- Type of game that inhabits or may be bred in the area
- Location (including reference to national park or protected zone, if applicable)
- Entity managing or using the hunting ground (concessionaire or public institution)

- Name of the concessionaire (legal or natural person)
- Registered office and address of the concessionaire
- Number and date of the concession agreement
- Duration of the concession
- Category and surface area of the hunting ground
- Game species covered by the concession
- Location / name of the hunting ground
- Obligations related to the protection and management of game
- Date of registration and possible removal from the register

- Name of the agricultural cooperative
- Registered office of the agricultural cooperative
- Unique tax number (TIN) of the cooperative
- Registration number in the Central Register of the Republic of Macedonia
- Agricultural holdings that are members of the cooperative
- Holders of the agricultural holdings that are members of the cooperative
  - Name of the agricultural holding
  - Name and surname of the holder
- Production capacities of the agricultural holdings that are members of the cooperative, or the production capacities of the cooperative itself
- Cadastral parcels on which the agricultural production of the cooperative is carried out, and the corresponding cadastral crops
- Cadastral parcel number
- Cadastral crop
- Agricultural machinery and equipment owned by the member agricultural holdings or by the cooperative
- Scope (size) of the agricultural cooperative
- Main activity of the agricultural cooperative
- Name and surname of the manager of the agricultural cooperative
- Other data specified in the application for registration in the Register of Agricultural Cooperatives
- Name and surname of the manager of the agricultural cooperative
- Other data specified in the application for registration in the Register of Agricultural Cooperatives

Legacy System

## Legacy System

- Name of the legal entity
- Company registration and tax number
- Address and headquarters
- Type and quantity of imported products
- Warehouse and processing capacity details
- Contract numbers and dates for sales
- Proof of solvency and fulfilled obligations toward producers
- Date of registration and status

- Name of the entity (name of the LAG as registered in the Central Register)
- Address and registered office of the entity
- Tax number of the entity
- Priority activity of the entity
- Number of members of the entity
- Contact information (telephone, fax, e-mail)

- Name of the organization
- Address and headquarters
- Registration numberLegal form
- Number and identity of members
- Production sector
- Recognition certificate for the organization
- Establishment act
- Date of registration and status

- Applicant / Name of the producer group
- Legal status of the producer group
- Authorized representative of the producer group
- Identification number of the natural or legal person (PIN / Company ID)
- Address of the producer group
- Postal code and locality
- Municipality
- Fax
- E-mail
- Account of the producer group
- Bank
- Transaction account number
- Date
- Signature and stamp of the applicant

- Name of the entity (association / cooperative / grouping)
- Address and registered office of the entity
- Personal Identification Number (PIN) of the president of the association / Company ID (CRN) of the legal entity
- Priority activity of the association / cooperative / grouping
- Number of members of the entity
- Number of members of the entity registered in the Unified Register of Agricultural Holdings  
(For cooperatives and cooperative unions only) – Annual income from the sale of agricultural products by the members of the cooperative
- Date
- Signature and stamp of the applicant

## Legacy System

- Date of receipt of the application
  - Archive number / registration number
  - Applicant's full name (Name and Surname)
  - Permanent or temporary residence address (street and number)
  - Personal Identification Number (PIN)
  - Transaction account number of the holder of the family agricultural holding
  - Type of supplementary activity performed on the agricultural holding
  - Place
  - Municipality
  - Address of the family agricultural holding
  - Telephone number
  - Signature (full name and signature)
  - Date of birth (day/month/year)
  - Place and country of birth
  - Application purpose (to be selected):
    - a) Issuance of approval for performing supplementary activity
    - b) Preparation of administrative data for performing supplementary activity
- 
- Serial number of the subject
  - Name and surname / Legal entity name
  - Address or registered office
  - Identifier (depending on type of beneficiary):
    - FARM ID (Identification number of the agricultural holding), or
    - PIN (Personal Identification Number of the citizen), or
    - TAX ID (Unique Tax Number), or
    - Company Registration Number (from the Central Register of the Republic of Macedonia)
  - Year of registration / record entry
  - Type of allocated state aid (in agriculture and rural development)
  - Total amount of allocated aid (in denars)
  - Allocated non-repayable financial aid from other state bodies and units of local self-government – with details on:
    - Type of aid
    - Amount
  - Total amount of allocated aid (final cumulative amount, in denars)
  - Contact telephone number

- Record Identification: Indicator Data Record ID; Record creation date; Date of last update; Record status (active / archived / superseded)
- Indicator Identification: Indicator Identifier; Indicator Name; Indicator Description; Indicator Type (output / outcome / impact)
- Strategic Context: Strategy / Program Reference; Strategic Objective Reference; Legal Basis Reference
- Data Values and Time Series: Reporting Period; Indicator Value; Measurement Unit; Baseline Flag; Revised Value Flag
- Data Source and Origin: Primary Data Source; Source System / Registry Reference; Data Provider Institution
- Data Collection and Methodology: Data Collection Method (administrative / survey / estimation); Calculation Methodology; Frequency of Data Collection
- Data Quality and Validation: Validation Status; Validation Date; Validating Authority; Data Quality Notes
- Preservation and Retention: Data Retention Period; Archival Status; Archival Location / Storage Tier
- Reporting and Usage: Used in Reports (yes/no); Reference to Reports or Dashboards; Public Disclosure Level
- Interoperability References: Reference to M&E Registry; Reference to BI Platform; Reference to Source Registries
- Audit and Traceability: Change history log; User / role responsible for change; Timestamp of changes; Version identifier

- Record Identification: Strategy Monitoring Record ID; Record creation date; Date of last update; Record status (active / archived / superseded)
- Strategy Identification: Strategy / Policy Name; Strategy Type; Legal Basis Reference; Implementing Authority; Reference Period (start year – end year)
- Objectives and Measures: Strategic Objective Identifier; Strategic Objective Description;
- Associated Measures / Interventions; Target Groups / Beneficiaries
- Indicators and Targets: Indicator Identifier; Indicator Name; Indicator Type (output / outcome / impact); Measurement Unit; Baseline Value; Target Value; Target Year; Indicator Source
- Data Collection and Sources: Data Source Reference; Data Collection Method (administrative / survey / estimation); Data Collection Frequency; Responsible Data Provider
- Monitoring Results: Reporting Period; Current Indicator Value; Progress Status (on track / delayed / achieved / not achieved); Variance from Target; Analytical Commentary
- Evaluation Results: Evaluation Type (mid-term / final / thematic); Evaluation Date; Evaluation Methodology; Key Findings; Conclusions and Recommendations
- Reporting and Outputs: Reference to Annual Agricultural Report; Reference to Strategy Implementation Report; Public Disclosure Status; Publication Date
- Interoperability References: Reference to Farm Register; Reference to LPIS; Reference to Financial Support System; Reference to Statistical Systems
- Audit and Traceability: Change history log; User / role responsible for change; Timestamp of changes; Indicator framework version

- Register number
- Animal species
- Breed/line
- Pedigree identifier/certificate number
- Date of birth/age
- Sex
- Owner/Breeder name and legal entity ID
- Origin (farm/register entry)
- Decision/reference document

- Register number
- Animal species
- Breed/line
- Pedigree identifier/certificate number
- Date of birth/age
- Sex
- Owner/Breeder name and legal entity ID
- Origin (farm/register entry)
- Decision/reference document

- Register number
- Animal species
- Breed/line
- Identification number (ear tag, microchip, etc.)
- Sex
- Date of birth/age
- Owner/Breeder information
- Breeding purpose (production/research)
- Decision/reference document

- Register number
- Organization/Entity name
- Legal entity ID
- Address and contact information
- Scope of testing (species, parameters)
- Accreditation/authorization number
- Decision number and date
- Status (active/suspended/withdrawn)

- Register number
- Breeding body name
- Legal entity ID
- Address and contact details
- Responsible person
- Species and breeds covered
- Decision number and date of authorization
- Status (active/suspended/withdrawn)

- Register number
- Poultry species
- Breed/line
- Identification number (wing band, microchip, or other ID)
- Date of hatching/age
- Sex
- Owner/Breeder information
- Decision number and date of authorization
- Status (active/suspended/withdrawn)

- Register number
- Species/subspecies/breed/line name
- Latin and common names
- Geographic region of origin
- Population size and conservation status
- Breeding body or responsible organization
- Decision number and date of recognition
- Status (active/suspended/withdrawn)

- Ordinal number
- Title 'Record Sheet'
- Name of designation of origin
- Reference number, date, and place of the decision for registration
- Protected name of the product
- Name and surname with personal ID (or business ID for groups of producers)
- Address, phone number, and email of the group of producers
- Notes

- Ordinal number
- Title 'Record Sheet'
- Name of geographical indication
- Reference number, date, and place of the decision for registration
- Protected name of the product
- Name and surname with personal ID (or business ID for groups of producers)
- Address, phone number, and email of the group of producers
- Notes

- Ordinal number
- Title 'Record Sheet'
- Name of the traditional speciality guaranteed
- Reference number, date, and place of the decision for registration
- Protected name of the product
- Name and surname with personal ID (or business ID for groups of producers)
- Address, phone number, and email of the producer/group of producers
- Notes

- Ordinal number
- Title 'Record Sheet'
- Name of the user(s) of the designation
- Reference number of the submitted application
- Date of submission of the application
- Protected name of the product
- Category of the product
- Type of designation
- Information whether the product is registered with or without reservation of the name (only for traditional speciality guaranteed)
- Number, date, and place of the decision for registration
- Address, phone number, and email of the user(s)
- ID number of the user(s)
- Number of the certificate from the authorized verification body (proof of compliance with the specification)
- Name and address of the authorized verification body
- Notes

- Ordinal number
- Title 'Record Sheet'
- Name of the user(s) of the geographical indication
- Reference number of the submitted application
- Date of submission of the application
- Protected name of the product
- Category of the product
- Type of designation (geographical indication)
- Number, date, and place of the decision for registration
- Address, telephone and email of the user(s)
- Identification number of the user(s)
- Number of the certificate from the authorized verification body (proof of compliance with specification)
- Name and address of the authorized verification body
- Notes

- Ordinal number
- Title 'Record Sheet'
- Name of the user(s) of the traditional speciality guaranteed
- Reference number of the submitted application
- Date of submission of the application
- Protected name of the product
- Category of the product
- Type of designation (traditional speciality guaranteed)
- Information whether the product is registered with or without reservation of the name
- Number, date, and place of the decision for registration
- Address, telephone and email of the user(s)
- ID number of the user(s)
- Number of the certificate issued by the verification body
- Name and address of the verification body
- Notes

- Ordinal number
- Title 'Record Sheet'
- Name of the registered geographical name
- Reference number, date, and place of the decision for registration
- Category of product (based on the sub-legal act defining categories)
- Protected name of the product
- Name and surname with personal ID (or business ID for groups of producers)
- Address, phone number, and email of the producer/group of producers
- Notes

- Ordinal number
- Title 'Record Sheet'
- Name of the registered traditional name
- Reference number, date, and place of the decision for registration
- Protected name of the product
- Category of product
- Name and surname with personal ID (or business ID for groups of producers)
- Address, phone number, and email of the producer/group of producers
- Notes

- Ordinal number
- Title 'Record Sheet'
- Name of the registered trademark
- Reference number, date, and place of the decision for registration
- Category of product
- Protected product name
- Holder of the trademark right (with personal ID or business ID)
- Address, phone number, and email of the holder
- Notes

- Ordinal number
- Reference number of the submitted application
- Date of submission of the application
- Name of the verification body
- Registration/identification number of the verification body
- Address, telephone, and email
- Number, date, and place of the decision for authorization
- Number, date, and place of the decision for accreditation
- Notes

**Legacy System**

**Legacy System**

**Legacy System**

- Scientific (botanical) name of the species
- Common (vernacular) name of the species
- Category (economically important / other forest / ornamental species)
- Provenance or geographic area of origin
- Intended use (production of reproductive material, reforestation, afforestation, or horticulture)

- register number
- provenance region name/code
- description
- geographical area
- tree species present
- decision date
- validity status
- remarks

The system must store, at minimum, the following attributes for each recognized unit:

- Register number (unique)
- Owner
- Date of recognition
- Recognition period (years)
- Authorized institution that performed recognition

The system must store, at minimum, the following data about the recognized basic material:

- Tree species (Latin & common name)
- Type of basic material
- Category of resulting reproductive material
- Origin of basic material (autochthonous / non-autochthonous / unknown)
- GMO flag (yes/no)
- Provenance region
- Location: forest management unit or cadastral municipality; cadastral parcel; locality name; longitude & latitude; altitudinal belt and/or climatic–vegetation–soil region

The system must store, at minimum, the characteristics of the recognized basic seed material:

- Seed source (single tree, group of trees, or stand): number of trees/stand area; age
- Seed stand: area, site index (bonitet), age, canopy, tree species composition
- Parent trees & clones: age, height, DBH (diameter at breast height)
- Seed orchard / clonal mixtures: clone/family names, identity, number and composition of clones

- Register number (unique)
- Legal entity name
- Address
- Application number and date
- Decision number and date
- Role: producer and/or trader
- Remarks
- Contact info (phone, email)
- Cadastral parcel/location

- Register number
- Name and surname / Legal entity name
- Address / Seat
- EMBG / EMBS
- Contact (phone, email)
- Type of use (fishing, aquaculture, scientific, other)
- Location of use (water body, coordinates)
- Duration/permit validity (from–to)
- Archive number and date of decision

<ul style="list-style-type: none"> <li>• Register/permit number</li> <li>• Name and surname of holder</li> <li>• EMBG</li> <li>• Address</li> <li>• Type of permit (annual, daily, 7-day, 15-day)</li> <li>• Category of permit (member of association, member of other association)</li> <li>• Fishing area (zone/revir)</li> <li>• Issue date</li> <li>• Validity period (from-to)</li> <li>• Archive number and date of decision</li> </ul>

- Archive number and date of entry

Legacy System

Legacy System

- Record Identifier: Unique Land Register Record ID; Date of creation; Date of last update
- Spatial Identification: Cadastral Parcel Identifier; Cadastral Municipality / Administrative Unit; Parcel Area (m<sup>2</sup> / ha); Parcel Geometry Reference (link to GIS layer); Address / Location Description
- Land Classification and Use: Land Use Type; Land Category / Class; Current Use Status; Ownership Type; Restrictions or Special Regimes
- Legal Status and Rights (RRR): Type of Right; Rights Holder(s); Scope and Conditions of the Right; Validity Period
- Administrative and Legal Basis: Legal Basis Type; Document Reference Number; Issuing Authority; Date of Issuance; Link to Digital Document Archive
- Financial Information (if applicable): Applicable Fees or Charges; Payment Obligations Reference
- Status and Lifecycle: Record Status; Reason for Status Change; Effective Date of Status Change
- Interoperability References: Reference to Cadastre Records; Reference to Related Registers or Systems
- Audit and Traceability: Change History Log; User / Role Responsible for Change; Timestamp of Changes

- Record Identification: Unique Record ID; Date of record creation; Date of last update
- Land Parcel Identification: Cadastral Parcel Identifier; Cadastral Municipality / Administrative Unit; Parcel Area (m<sup>2</sup> / ha); Reference to Parcel Geometry (GIS link)
- Ownership Information: Ownership Type (private / state-owned); Owner / Rights Holder Identifier; Owner Type (natural person / legal entity)
- Cultivation Status: Cultivation Status (cultivated / uncultivated); Period of Non-Cultivation (from – to); Date of Last Recorded Cultivation
- Legal and Administrative Basis: Basis for Record Entry (upon request / ex officio); Case / Procedure Reference Number; Responsible Authority; Date of Initiation of Procedure
- Justification and Evidence: Declared or Established Reason for Non-Cultivation; Supporting Evidence; Reference to Supporting Documents
- Status and Measures: Record Status (active, under review, resolved, archived); Applied or Proposed Measures; Deadlines for Compliance or Follow-up
- Publication and Transparency: Public Disclosure Indicator (yes / no); Date of Public Disclosure
- Interoperability References: Reference to Land Register Record; Reference to Related Registers or Systems (LPIS, Cadastre, Farm Register)
- Audit and Traceability: Change History Log; User / Role Responsible for Change; Timestamp of Changes

- Record Identification: Unique Appraiser Record ID; Date of record creation; Date of last update
- Appraiser Identification: Appraiser Identifier; Full Name / Legal Entity Name; Appraiser Type (natural person / legal entity)
- Authorization Details: Authorization / License Number; Issuing Authority; Date of Issuance; Valid From – Valid To
- Scope of Authorization: Authorized Valuation Areas (agricultural land, consolidation, exchange, other); Geographic Scope (if applicable)
- Professional Qualifications: Education / Certification Reference; Professional Memberships (if applicable)
- Contact Information: Address; Email; Phone Number
- Operational Status: Status (active, suspended, revoked, expired); Reason for Status Change; Effective Date
- References and Engagements (optional): References to Completed Valuations or Engagements (if applicable)
- Related Documents: Reference to License, Decisions, Renewals and Supporting Documents
- Interoperability References: Reference to Exchange and Consolidation Procedure Records (if applicable)
- Audit and Traceability: Change History Log; User / Role Responsible for Change; Timestamp of Changes

- Record Identification: Unique Servitude Record ID; Date of record creation; Date of last update
- Land Parcel Identification: Cadastral Parcel Identifier(s); Cadastral Municipality / Administrative Unit; Parcel Area (m<sup>2</sup> / ha); Reference to Parcel Geometry (GIS link)
- Servient and Dominant Property: Servient Parcel Identifier; Dominant Parcel or Beneficiary Description
- Rights Holder Information: Rights Holder Identifier; Rights Holder Type (natural person / legal entity / public authority)
- Legal Basis for Servitude: Decision / Contract Reference Number; Issuing Authority; Date of Issuance
- Type and Purpose of Servitude: Servitude Type (right of way, utility access, other); Purpose / Public Interest Justification
- Scope and Conditions: Spatial Extent of Servitude; Rights and Obligations; Restrictions and Conditions
- Duration and Validity: Servitude Duration (temporary / permanent); Start Date; End Date (if applicable)
- Compensation Information: Compensation Amount; Method of Compensation; Payment Status (if applicable)
- Administrative Status: Servitude Status (active, expired, terminated, suspended); Reason for Status Change; Effective Date of Status Change
- Related Documents: Reference to Decisions, Contracts, Compensation Agreements and Supporting Documents
- Interoperability References: Reference to Land Register Record; Reference to Cadastre Records; Reference to Related Registers or Systems
- Audit and Traceability: Change History Log; User / Role Responsible for Change; Timestamp of Changes

- Record Identification: Unique Procedure ID; Date of record creation; Date of last update
- Procedure Overview: Type of Exchange Procedure; Initiating Party; Responsible Authority; Date of Procedure Initiation
- Land Parcels Involved: State-Owned Parcel Identifier(s); Private Parcel Identifier(s); Cadastral Municipality / Administrative Unit; Parcel Area (m<sup>2</sup> / ha); Reference to Parcel Geometry (GIS link)
- Ownership and Parties: State Authority Representative; Private Owner / Rights Holder Identifier; Party Type (natural person / legal entity)
- Valuation Information: Valuation Method; Valuation Date; Valuation Amount per Parcel; Authorized Appraiser Reference
- Decision and Approval: Decision / Approval Reference Number; Issuing Authority; Date of Decision; Decision Outcome
- Exchange Agreement Details: Agreement Reference Number; Date of Agreement; Conditions of Exchange; Financial Compensation (if applicable)
- Legal and Administrative Status: Procedure Status (initiated, under review, approved, rejected, completed, terminated); Reason for Status Change; Effective Date of Status Change
- Related Documents: Reference to Valuation Reports, Decisions, Agreements, Annexes and Supporting Documents
- Interoperability References: Reference to Land Register Record; Reference to Cadastre Records; Reference to Related Registers or Systems
- Audit and Traceability: Change History Log; User / Role Responsible for Change; Timestamp of Changes

- Record Identification: Unique Record ID; Date of record creation; Date of last update
- Land Parcel Identification: Cadastral Parcel Identifier(s); Cadastral Municipality / Administrative Unit; Parcel Area (m<sup>2</sup> / ha); Reference to Parcel Geometry (GIS link)
- Leaseholder Information: Leaseholder Identifier; Leaseholder Type (natural person / legal entity); Authorized Representative (if applicable)
- Lease Agreement Details: Lease Agreement Number; Date of Agreement; Issuing Authority; Type of Procedure (public call / other lawful basis)
- Lease Period: Lease Start Date; Lease End Date; Extension Options (if applicable)
- Land Use and Conditions: Permitted Land Use; Usage Restrictions; Obligations of the Leaseholder
- Financial Information: Lease Fee Amount; Payment Frequency; Payment Status; Penalties or Interest (if applicable)
- Legal and Administrative Status: Contract Status (active, expired, terminated, suspended); Reason for Status Change; Effective Date of Status Change
- Related Documents: Reference to Contract Annexes; Decisions; Inspection Reports (if applicable)
- Interoperability References: Reference to Land Register Record; Reference to Related Registers or Systems (LPIS, Farm Register, Cadastre)
- Audit and Traceability: Change History Log; User / Role Responsible for Change; Timestamp of Changes

- Record Identification: Unique Record ID; Date of record creation; Date of last update
- Land Parcel Identification: Cadastral Parcel Identifier(s); Cadastral Municipality / Administrative Unit; Parcel Area (m<sup>2</sup> / ha); Reference to Parcel Geometry (GIS link)
- Usufruct Holder Information: Usufruct Holder Identifier; Holder Type (natural person / legal entity); Authorized Representative (if applicable)
- Legal Basis for Usufruct: Decision / Contract Reference Number; Issuing Authority; Date of Issuance
- Usufruct Rights and Conditions: Scope of Usufruct Rights; Permitted Land Use; Obligations and Restrictions
- Usufruct Period: Start Date; End Date; Conditions for Extension or Termination
- Financial Information (if applicable): Usufruct Fee or Compensation Amount; Payment Terms; Payment Status
- Administrative Status: Usufruct Status (active, expired, terminated, suspended); Reason for Status Change; Effective Date of Status Change
- Related Documents: Reference to Decisions, Contracts, Annexes and Inspection Reports (if applicable)
- Interoperability References: Reference to Land Register Record; Reference to Related Registers or Systems (LPIS, Farm Register, Cadastre)
- Audit and Traceability: Change History Log; User / Role Responsible for Change; Timestamp of Changes

- Record Identification: Unique Consolidation Procedure ID; Date of record creation; Date of last update
- Procedure Scope: Consolidation Area Identifier; Cadastral Municipality / Administrative Unit; Geographic Coverage Description; Reference to Consolidation GIS Layer
- Initiation and Legal Basis: Initiating Authority; Legal Basis Reference; Date of Procedure Initiation
- Participants and Parties: List of Affected Owners and Rights Holders; Participant Type (natural person / legal entity); Contact and Identification References
- Initial Land Situation: Initial Parcel Identifier(s); Parcel Area(s); Ownership and Rights Structure; Reference to Initial Parcel Geometry
- Consolidation Plan: Consolidation Plan Identifier; Proposed Parcel Reallocation; Planned Parcel Geometry; Compensation Principles
- Valuation and Compensation: Valuation Methodology; Valuation Date; Compensation Amounts or Land Adjustments; Authorized Appraiser Reference
- Decision and Approval: Decision / Approval Reference Number; Issuing Authority; Date of Decision; Decision Outcome
- Implementation Status: Implementation Phase; Procedure Status (initiated, in progress, approved, completed, terminated); Effective Dates
- Related Documents: Reference to Consolidation Plans, Decisions, Valuation Reports, Agreements and Supporting Documents
- Interoperability References: Reference to Land Register Record; Reference to Cadastre Records; Reference to Related Registers or Systems
- Audit and Traceability: Change History Log; User / Role Responsible for Change; Timestamp of Changes

- Record Identification: Unique Contractor Record ID; Date of record creation; Date of last update
- Contractor Identification: Contractor Identifier; Contractor Name; Contractor Type (sole trader / legal entity); Registration Number
- Authorization and Eligibility: Authorization / Registration Reference Number; Legal Basis (Article 9-a); Issuing Authority; Date of Authorization; Valid From – Valid To
- Scope of Authorized Activities: Types of Consolidation Works Authorized (geodetic surveys, planning, implementation support); Geographic Scope of Activities
- Professional and Technical Capacity: Responsible Licensed Professionals; Number of Qualified Staff; Technical Equipment and Capabilities
- Compliance and Quality Assurance: Compliance with Legal and Professional Standards; Quality Control Mechanisms (if applicable)
- Operational References: References to Consolidation Projects or Procedures Involved (if applicable)
- Contact Information: Registered Address; Email; Phone Number
- Operational Status: Status (active, suspended, revoked, expired); Reason for Status Change; Effective Date
- Related Documents: Reference to Authorization Decisions, Certificates, Renewals and Supporting Documents
- Interoperability References: Reference to Agricultural Land Consolidation Procedure Records (if applicable)
- Audit and Traceability: Change History Log; User / Role Responsible for Change; Timestamp of Changes

- Record Identification: Consolidation Area Record ID; Date of record creation; Date of last update; Record status
- Spatial Definition: Consolidation Area Identifier; Cadastral Municipality / Administrative Unit; Geographic Coverage Description; Reference to Consolidation GIS Layer
- Legal and Procedural Basis: Legal Basis Reference; Decision on Establishment of Consolidation Area; Issuing Authority; Decision Date
- Land Composition: List of Included Parcels; Total Area (ha); Land Use Categories; Reference to Initial Parcel Geometry
- Participants Overview: Number of Affected Owners; Types of Participants (natural persons / legal entities / state); Reference to Participants Registry
- Process Status: Current Phase of Consolidation Procedure; Area Status (planned / active / completed / terminated); Effective Dates
- Interoperability References: Reference to Cadastre Records; Reference to Land Register; Reference to Related Registers or Systems
- Related Documents: Reference to Decisions, Maps, Studies and Supporting Documentation
- Audit and Traceability: Change history log; User / role responsible for change; Timestamp of changes

- Record Identification: Consolidation Mass Record ID; Date of record creation; Date of last update; Record status
- Spatial Composition: Consolidation Area Identifier; Included Parcel Identifiers; Reference to Consolidation Mass GIS Layer
- Land Categories: Agricultural Land Parcels; Infrastructure Land; Non-productive or Excluded Land; Area by Category
- Ownership and Rights: Initial Ownership Structure; Existing Rights and Encumbrances; Reference to Rights Records
- Valuation Context: Reference to Valuation Methodology; Valuation Date; Aggregate Value Indicators
- Process Linkage: Reference to Consolidation Procedure; Reference to Draft and Final Allocation Plans
- Interoperability References: Reference to Cadastre Records; Reference to Land Register; Reference to Related Systems
- Related Documents: Reference to Technical Studies, Maps and Supporting Documentation
- Audit and Traceability: Change history log; User / role responsible for change; Timestamp of changes

- Record Identification: Participant Record ID; Date of record creation; Date of last update; Record status
- Participant Identification: Participant Type (natural person / legal entity / state); Full Name / Legal Name; Personal ID / Registration Number
- Ownership and Rights: Owned Parcel Identifier(s); Type of Rights (ownership, lease, usufruct, easement); Share / Proportion of Rights
- Contact Information: Registered Address; Contact Address; Email; Phone Number
- Representation: Authorized Representative (if applicable); Power of Attorney Reference
- Participation Context: Consolidation Area Identifier; Reference to Consolidation Procedure; Role in Procedure
- Interoperability References: Reference to Central Population Registry or Business Registry; Reference to Land Register
- Related Documents: Reference to Ownership Documents, Contracts, Authorizations
- Audit and Traceability: Change history log; User / role responsible for change; Timestamp of changes

- Record Identification: Valuation Record ID; Date of record creation; Date of last update; Record status
- Valuation Context: Consolidation Area Identifier; Consolidation Procedure Reference; Valuation Purpose
- Valuation Methodology: Applied Valuation Method; Legal / Methodological Basis Reference; Valuation Criteria
- Valuation Details: Parcel Identifier(s); Valuation Date; Assessed Value per Parcel; Total Assessed Value
- Authorized Appraiser: Appraiser Name; Appraiser Authorization / License Number; Issuing Authority
- Compensation Parameters: Compensation Type (land-for-land / monetary); Adjustment Coefficients; Equalization Parameters
- Approval and Validation: Approval Decision Reference; Approving Authority; Approval Date
- Interoperability References: Reference to Consolidation Mass Records; Reference to Allocation Plans; Reference to Cadastre Records
- Related Documents: Reference to Valuation Reports, Appraisal Sheets and Supporting Documentation
- Audit and Traceability: Change history log; User / role responsible for change; Timestamp of changes

- Record Identification: Public Review Record ID; Date of record creation; Date of last update; Record status
- Public Review Context: Consolidation Area Identifier; Consolidation Procedure Reference; Public Review Phase
- Disclosure Details: Public Review Start Date; Public Review End Date; Disclosure Method; Disclosure Location(s)
- Objections and Comments: Objection / Comment ID; Submitting Party; Submission Date; Type of Submission (objection/comment)
- Content and Grounds: Subject of Objection; Legal / Factual Grounds; Affected Parcel Identifier(s)
- Handling and Resolution: Responsible Authority; Review Outcome; Resolution Decision Reference; Resolution Date
- Communication and Notification: Notification Method; Date of Notification to Parties; Acknowledgement Status
- Interoperability References: Reference to Consolidation Plans; Reference to Participants Records; Reference to Decisions Register
- Related Documents: Reference to Submitted Objections, Responses, Decisions and Supporting Documentation
- Audit and Traceability: Change history log; User / role responsible for change; Timestamp of changes

- Record Identification: Allocation Plan Record ID; Plan Type (draft / final); Date of record creation; Date of last update; Record status
- Plan Context: Consolidation Area Identifier; Consolidation Procedure Reference; Planning Phase
- Spatial Content: Planned Parcel Identifier(s); Planned Parcel Geometry; Infrastructure Elements; Reference to Allocation GIS Layer
- Allocation Rules: Allocation Principles; Parcel Reallocation Logic; Compliance with Valuation Results
- Beneficiaries and Rights: Assigned Participant Identifier(s); Assigned Rights Type; Area and Location per Beneficiary
- Approvals and Validation: Approval Decision Reference; Approving Authority; Approval Date; Conditions (if any)
- Implementation Linkage: Reference to Implementation Schedule; Dependencies on Objection Resolutions
- Interoperability References: Reference to Consolidation Mass Records; Reference to Valuation Records; Reference to Cadastre Records
- Related Documents: Reference to Draft/Final Plans, Maps, Decisions and Supporting Documentation
- Audit and Traceability: Change history log; User / role responsible for change; Timestamp of changes

- Record Identification: Allocation Decision Record ID; Date of record creation; Date of last update; Record status
- Decision Context: Consolidation Area Identifier; Consolidation Procedure Reference; Decision Type
- Legal Basis: Legal Basis Reference; Applicable Articles of the Law; Reference to Allocation Plan
- Decision Content: Affected Parcel Identifier(s); New Parcel Assignment; Rights Established, Modified or Terminated
- Beneficiaries: Participant Identifier(s); Rights Holder Type; Share or Scope of Rights
- Issuing Authority: Issuing Authority; Decision Reference Number; Date of Decision
- Legal Effects: Effective Date; Conditions or Limitations; Appeal Possibility and Deadline
- Interoperability References: Reference to Cadastre Records; Reference to Land Register; Reference to Related Decisions
- Related Documents: Reference to Allocation Plans, Decisions, Appeals and Supporting Documentation
- Audit and Traceability: Change history log; User / role responsible for change; Timestamp of changes

- Record Identification: Consolidation Database Record ID; Date of database initialization; Date of last update; Operational status
- Scope and Coverage: Consolidation Area Identifier(s); Temporal Coverage (year / phase); Geographic Coverage Description
- Integrated Core Datasets: Reference to Consolidation Areas; Reference to Consolidation Mass; Reference to Participants; Reference to Valuation Records
- Spatial Data Content: Parcel Geometry (pre- and post-consolidation); Allocation Plan GIS Layers; Easements and Infrastructure Layers
- Legal and Administrative Content: Reference to Allocation Decisions; Rights and Restrictions Records; Public Review and Objections Records
- Process and Workflow State: Current Consolidation Phase per Area; Procedure Status Indicators; Key Milestones
- Interoperability and Integration: Cadastre Integration Reference; Land Register Integration Reference; INSPIRE / NSDI Compliance Metadata
- Data Quality and Versioning: Version Identifier; Change Tracking; Data Validation Status; Quality Control Flags
- Reporting and Analytics: Predefined Reports; Indicators; Statistical Outputs; Export Interfaces
- Security and Access Control: User Roles and Permissions; Data Access Level; Audit Log
- Audit and Traceability: Change history log; User / system responsible for change; Timestamp of changes

## Registry Types and Classification

- Functional scope: Operational
- Data type: Spatial + Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Reference
- Data type: Spatial and alphanumerical
- User interaction: Internal
- Governance level: MAFWE

Functional scope: Operational  
Data type: Alphanumerical  
User interaction: Business-facing  
Governance level: MAFWE

Functional scope: Reference  
Data type: Alphanumerical  
User interaction: Internal-only  
Governance level: MAFWE

Functional scope: Administrative / Territorial  
Data type: Spatial + Alphanumerical  
User interaction: Institution-facing  
Governance level: MAWFE

Functional scope: Operational/Administrative  
Data type: Alphanumerical  
User interaction: Business-facing  
Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: Central Registry of the Republic of North Macedonia.

Legacy System

Legacy System

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Internal
- Governance level: MAFWE

Legacy System

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric + Financial
- User interaction: Internal
- Governance level: MAFWE

- Functional scope: Analytical / Supporting
- Data type: Alphanumerical, time-series (statistical indicator data)
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Analytical / Strategic / Administrative
- Data type: Alphanumerical (with references to spatial and statistical datasets)
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Internal + business-facing
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Business-facing
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Business-facing
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Internal
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Reference / Administrative
- Data type: Alphanumeric
- User interaction: Internal
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumerical
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumerical
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Reference
- Data type: Alphanumeric
- User interaction: Public-facing
- Governance level: MAFWE

- Functional scope: Reference
- Data type: Alphanumeric
- User interaction: Public-facing
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: State Office of Industrial Property  
(not MAFWE)

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Business-facing
- Governance level: MAFWE

**Legacy System**

- Functional scope: Reference
- Data type: Alphanumeric
- User interaction: Internal
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Spatial and alphanumeric
- User interaction: Internal
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Spatial and alphanumerical
- User interaction: Internal
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumerical
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumerical
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Reference
- Data type: Spatial and alphanumeric
- User interaction: Internal
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Administrative
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Reference
- Data type: Alphanumeric
- User interaction: Internal
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

- Functional scope: Operational
- Data type: Alphanumeric
- User interaction: Citizen / business-facing
- Governance level: MAFWE

Legacy System

Legacy System

- Functional scope: Administrative / Territorial
- Data type: Spatial + Alphanumeric
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Operational
- Data type: Spatial + Alphanumeric
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Operational
- Data type: Alphanumeric
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Territorial
- Data type: Spatial + Alphanumerical
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Operational
- Data type: Spatial + Alphanumerical
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Operational
- Data type: Spatial + Alphanumerical
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Operational
- Data type: Spatial + Alphanumerical
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Operational / Territorial
- Data type: Spatial + Alphanumerical
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Operational
- Data type: Alphanumeric
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Territorial / Administrative
- Data type: Spatial + Alphanumeric
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Territorial / Operational
- Data type: Spatial + Alphanumeric
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Operational
- Data type: Alphanumeric
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Operational / Administrative
- Data type: Alphanumerical (with spatial references)
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Procedural
- Data type: Alphanumerical
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Operational / Territorial
- Data type: Spatial + Alphanumeric
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Administrative / Legal
- Data type: Alphanumeric (with spatial references)
- User interaction: Institution-facing
- Governance level: MAFWE

- Functional scope: Core Operational / Analytical
- Data type: Spatial + Alphanumerical  
(integrated)
- User interaction: Institution-facing (with analytical and reporting access)
- Governance level: MAFWE
